Navigate the New Normal

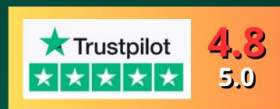

OUR SPECIALTIES

- Small business funding via the alternative non-bank lending network.
- Showing you how to protect your savings from double-digit inflation.
- Teaching you to calculate and use your true net worth as a retirement planning tool.
- Helping you protect your retirement nest egg from the next stock market crash.
- Helping you to rapidly payoff personal and mortgage debt on the same income.
- Teaching you to spot and minimize new risks that threaten your retirement.
- Empowering you with affordable legal support.
- Helping you start a home business in your spare time.

"I NEVER DREAMED it was possible to get rid of \$260,000 of debt in just seven years on my same income by attacking my bills scientifically. They should teach this amazing technique in school." ~ M.D.

WHY WORK WITH US

- Our business funding partners collectively average a 4.8 of 5.0 client service rating on TrustPilot.

- Our Managing Partner has 30 years experience in helping families and small business owners secure their retirement.
- Many testimonials on our website.

GORDON HELPED ME outline a plan based on my personal risk tolerance. He gave me hope I could provide for my family during good times and bad. This knowledge will pay off for the rest of my life." ~ T.L.

Gordon Phillips is a family and small business financial risk analyst, educator, consultant and mentor.

Gordon shows families and small business owners how to carefully factor economic, social and political risks into their financial decisions. He mentors you on how to use common sense and scientific principles to protect your savings and retirement.

He is also the Chief Risk Officer for the Vancouver-based Pisano Insights Trading Research Center.
